

POWERCRUISE PROMOTIONS PTY LTD

Firstly, I would like to take this opportunity to personally thank you for offering your assistance in running another Carline Mufflers Powercruise event in Darwin. We always get great feedback from Sponsors, Competitors and Spectators alike stating our hospitality is greatly appreciated and second to none in the management of our shows and furthermore, without your dedicated assistance, Powercruise would not be as successfully as it is today.

As a volunteer/staff member there are a few things you need to know to help with your weekend.

1. All volunteers and staff will be required for a briefing at the circuit on Friday the 25th April at 7pm. This is to get everyone introduced, get you signed in as a CAMS temporary official, get your weekend armband and you will receive your staff shirt at this time so there isn't a rush on the Saturday morning.
2. The event starts at 6am Saturday 26th April and runs through to Sunday afternoon the 27th April. I ask that everyone be ready for action during this time. Breakfast, lunch and dinner will be provided by Powercruise, it will either be delivered to you on the job or the availability times will be announced over the 2 way radios.
3. You can take your staff shirt home Saturday night to wash it if you wish but all staff shirts **must** to be returned at the end of the event (Sunday 27th April 5pm) for use at future events. As a show of appreciation, we will give you a free Powercruise #13 event t-shirt when you sign your staff shirt back in on Sunday afternoon.
4. All staff working in the area of pit lane or around the track must wear long pants and all staff must wear closed shoes at all times.
5. Powercruise staff will provide a lanyard to hang around your neck with event information on it including the program in case your asked by a spectator, also to make sure you are where your supposed to be at the right times. If you're unsure and can't answer a customers question, please point them in the direction of a senior staff member or the Powercruise tradestand who will be able to help them out, or give them the Powercruise mobile phone number that will be on your lanyard.
6. Some of you will have 2 way radios. These will need to be signed in and out each day from the Powercruise trade stand. While you are in possession of the radio please keep it secured and treat it as if it was your own. Minimal radio chat is requested in the case of emergency, so NO RADIO CHIT CHAT at all please. Keep the emotions at a conservative level and remember 50 other people are listening to what your saying, so please be courteous.
7. Powercruise are providing free food and drinks to staff and volunteers throughout the weekend. Please don't bring your non staff friends in for a drink or food as they will be asked to leave and this could be embarrassing. Powercruise Cafe will be located behind the Powercruise trade stand in a pit lane garage. If this changes we'll let you know one on the day.
